TALES OF HARDSHIPS

Undergone by Spanish Troops in Cuba's Subjection.

OPEN REVOLT IN VALENCIA.

Chamber of Deputies Awakes to the Fact That Uncle Sam Is Not to Blame For Spread of Hostile Feeling—Religious Prejudice Don't Work—Sympathy For Cuba Growing.

MADRID, Aug. 7.—Trouble of a serious nature is being fomented in Spain, particularly in the province of Valencia, by agents of the Cuban insurgents. The minister of the interior, Senor Cos-Gayon, yesterday, replying to a question in the chamber of deputies, admitted that a number of riots had occurred in Valencia, and when asked to explain the cause of the disturbances, said they were caused by the friends of the Cuban insurgents, who hoped thereby to prevent the departure of further reinforcements of troops for Cuba. Hitherto the popular demonstrations have been attributed entirely to protests against the imposition of new taxes, a step made necessary by the financial strain the government has been subjected to through carrying on the campaign against the insurgents of Cuba.

But, while the government is only willing to admit that the riots have been instigated by the agents of the Cuban revolutionists, it is generally admitted that the roots of the trouble are much deeper, and that it is being nourished by the natural feeling of alarm and dismay at the apparent utter inability of the government to cope with the situation in Cuba. That the large Spanish army in Cuba must be still further and heavily reinforced is looked upon here as being a confession of weakness upon the part of the administration and as an admission of the growing strength of the Cubans.

In addition, many letters have been received in different parts of Spain by the relatives of Spanish soldiers serving with the army in Cuba, and they tell such terrible tales of sickness, privation, incompetency and mismanagement, to say nothing of lack of pay, that a dangerous feeling against the government has arisen and is gaining strength day by day. Under the circumstances the agents of the Cubans do not have much difficulty in carrying out their plan of causing popular outbreaks. The steadily fan the flames of discontent by pointing to the apparently unnecessary hardships which the Spanish troops in Cuba are compelled to endure.

The republicans, also, are taking advantage of the situation to push their propaganda and the combined movements are making more headway with the masses than the government will admit, although it is already betraying symptoms of alarm and has sent stringent instructions to the prefects to promptly and effectually suppress demonstrations which may occur in their districts and to have no hesitation in calling upon the militia for support. A number of conflicts between the rioters and the police and soldiers have already occurred, shots have been exchanged, several persons have been wounded on both sides and a large number of arrests have been made.

This, the revolutionists hope, will serve to call attention to their cause and enlist in their behalf the sympathy of the people. The roads in Valencia are being patrolled by gendarmes, troops are pursuing armed bands of revolutionists in the mountainous districts of the same province and further trouble is apprehended.

Madrid, up to the present, has been quiet, but signs are not wanting that the spirit of discontent is abroad and that the efforts of the government to gain support by trying to throw the blame for everything upon the United States, the chief bugaboo of Spanish politicians, will not much longer avail.

In a factory near the city of Valencia the authorities have discovered a quantity of arms and ammunition and similar stores are believed to be in existence in different parts of the province. The arms referred to are known to have been smuggled into Spain quite recently and are of foreign manufacture, showing their shipment to be part of the plan of campaign being conducted by the Cubans in Spain.

The Spanish officials, as usual, are blaming the United States for the troubles in this country, basing the assertions made on the fact that among the leaders of the recent riots was Dr. Bernardo Toledo, said to be an American citizen, who brother is in command of a force of Cuban insurgents. It is claimed that money, arms and ammunition were served out to the rioters from the house which he occupied, and a search of the building is said to have resulted in the discovery of a number of letters from the United States, Cuba and Argentine Republic, showing that the outbreaks here have been planned by the leaders of the Cuban insurgents and that the movement is widespread and capable of assuming most serious proportions.

Another feature of the situation here is the effort being made in certain quarters to arouse the masses against the Protestants, all Americans being classed as Protestants, and to them, as already stated, being attributed Spain's reverses in Cuba and the growing insurrection here. The Cuban agents, however, are doing everything possible to counteract this movement, and are urging the people to place the blame for the excessive taxation, the military blundering and the political bluster where it really belongs—upon the shoulders of the Spanish government—and not to be misled by such foolish insinuations as the statements emanating

from semi-official sources and for a time pretty generally believed that agents of the United States government were over-bidding the agents of Spain wherever the latter tried to purchase warships for the Spanish government.

CHURCH AND LABOR.

Gompers Tells Why More Workingmen Do Not Attend Worship.

INDIANAPOLIS, Aug. 7.—The answer of President Samuel Gompers of the American Federation of Labor to questions put by Rev. H. Francis Perry, pastor of the Hyde Park (Mass.) Baptist church, have been made public.

Pastor Perry propounded two questions to President Gompers:

1. What reasons would be given by your associates who do not attend church for their absence from church?

2. What remedies would you propose to bring your associates into closer touch with the church?

President Gompers responds, with reference to the first proposition, that the reason of nonattendance of workingmen, as a class, is that the spirit now dominating the churches is no longer in touch with their hopes or aspirations; that the churches have no sympathy with the real causes of the misery or severe burdens which the workers have to bear; that if the ministers have such knowledge, they lack the courage to proclaim the situation; that organization of trades unions has "been generally frowned down with contempt, treated indifferently or openly antagonized by the ministers and the apparently staunch supporters of the church. The church and the laborers have drifted apart because the latter have always had their attention directed to the sweet 'by and by' to the utter neglect of the conditions arising from the bitter 'now and now.'"

President Gompers further says that the laborers look upon the church as the

Apologist and Defender

of the wrongs committed against the interests of the people, because the perpetrators are rich supporters of the church.

Concerning the second proposition, Mr. Gompers says that he realizes that there are honorable exceptions in the ministry, and he believes that a complete reversal of the present attitude would, perhaps, be most likely productive of results desired by Christian workers. To this he adds:

"He who fails to sympathize with the movements of labor, he who complacently or indifferently contemplates the awful results of present economic and social conditions, is not only the opponent of the best interests of the human family, but is participant in all wrongs inflicted upon the men and women of our time, the children of today, the manhood and womanhood of the future."

KILLED ON HIS WHEEL.

Storm and Heat Prove Fatal to Five in Chicago Yesterday.

CHICAGO, Aug. 7.—During a heavy thunder and rainstorm last evening at 5 o'clock, Walter Scott, 27 years old, of the firm of Bauer & Scott, stone dealers, was instantly killed by lightning on Calumet avenue, while riding home on his bicycle.

While the thermometer did not register as high as during the previous two days, the effects of the great heat were more deadly. During the day there were four fatal cases of sunstroke, and nearly a score of more or less serious prostration. The rainstorm, which began about 5 o'clock and did not last much more than half an hour, flooded most of the basements in the downtown or business district from 5 to 10 inches.

Worse in New York.

NEW YORK, Aug. 7.—Five deaths and 21 prostrations from heat were reported to the police of this city yesterday. The thermometer at 2 p. m. indicated 91 degrees, the maximum humidity being 80. George Kupper, a truck driver, was driven violently insane by the heat.

Compelled to Retire.

SHAKON, Pa., Aug. 7.—Hon. Joseph C. Sibley was compelled to give up campaign work and return home yesterday on account of a severe cold. He hopes to resume his tour after a few days' rest. Mr. Sibley was asked if he would take second honors and run with Bryan in case that Watson and Sewall withdraw and he said: "Nothing would please me better than to be Mr. Bryan's running mate."

Fatal Boiler Explosion.

ANDERSON, Ind., Aug. 7.—The boiler of a traction engine, part of Joel Meneff's thrasher outfit, exploded southwest of this city, killing David Wynant outright, and injuring several others, among them Daniel Wynant, a twin brother to David. No two pieces of the engine were left together. The outfit has been considered unsafe for the past season.

A Ramsey (Ills.) Fire.

PANA, Ills., Aug. 7.—A disastrous conflagration visited Ramsey, 14 miles south on the Illinois Central, at an early hour yesterday, destroying the major part of the business portion, including the Fayette County bank. The loss will reach \$30,000, with \$5,000 insurance. The origin of the fire is supposed to be incendiary.

Written by a House Fly.

VALPARAISO, Ind., Aug. 7.—Isaac Zaue, a Chesterton farmer, was stung on the arm by a common house fly that had feasted off the putrid flesh of a dog. The arm swelled to four times its normal size, and it will have to be amputated to save his life.

ANOTHER PLATFORM.

This Much Is Agreed Upon by Gold Standard Democrats.

COCKRAN'S IDEA SUGGESTED.

Mr. Bynum, One of the Organizers of the Roll, Says That 29 Out of 35 Committee-men Favor a New Convention, Platform and Ticket—Talk of Palmer, Carlisle and Bragg For President.

INDIANAPOLIS, Aug. 7.—There are enough members of the provisional national committee of gold standard Democrats here to indicate that there will be some differences of opinion at today's meeting. The committeemen and visiting conferees will first decide as to whether they will call a convention and whether they will call it for the nomination for the candidates for president as well as for the adoption of another platform. Some have been industriously advocating what is called the Bourke Cochran idea of adopting an old time Democrat platform, a gold standard financial plank and indirectly endorsing McKinley by not naming another ticket. But there are many who say they are here to devise the best means of defeating Bryan. They do not endorse this plan.

While this plan has been endorsed in the hotel corridors, it may not get much consideration in the committee. The members of the executive committee, Bragg of Wisconsin, Broadhead of Missouri, Haldeman of Kentucky, Robbins of Illinois and Bynum of Indiana, are opposed to it, and they have all the arrangements for the temporary organization of the provisional national committee in their hands.

Some noted men will participate, but General Bagg of Wisconsin, Senator Palmer of Illinois and ex-Congressman Bynum of Indiana are looked upon as the leaders in starting and organizing the movement. Committeeman David A. Wells of Connecticut is accompanied by Charles S. Root of Waterbury and Joel A. Sperry of New Haven, who are also political economists. It is understood that the executive committee have some letters from prominent men that are to be read to the provisional committee in executive session. This correspondence shows some difference of opinion on the propriety of nominating another ticket, but all concur in wanting another platform.

The middle states all want another convention called to nominate another ticket and adopt a gold standard platform. All the objections to this plan come from the east and south, mostly from the south. But with the east and south divided and the other states solid it is believed there will be a call for a convention early in September. The only places talked of for the convention are Chicago, Detroit, Louisville and Indianapolis with the latter so far having things its own way. The attitude of the Detroit Free Press and of the Louisville Courier-Journal are being used as effective arguments in favor of their respective cities.

Chicago would no doubt be the favorite, but for the argument that the gold men do not want their platform called the gold platform or the bolters' platform. They want one called the Chicago platform and the other the Indianapolis platform, or after whatever city that is selected for the convention, the same as the two Democratic platforms in 1860 were designated by the cities of the two respective conventions.

Edward Grosse, secretary of the German Democratic sound money league of New York, is here to attend the meeting today. Mr. Grosse is not a member of the committee, but will do what he can in the interest of a gold standard. He said that a large majority of the Germans favored a gold standard. He would not speak officially for the league as that organization had not yet declared its position but it would do so after all the tickets were named. Mr. Grosse will organize German clubs in the west.

Bynum of Indianapolis, Hopkins of Chicago, Outwaite of Columbus and others were together last night when Bynum showed that 29 of the committeemen favored another convention, platform and ticket. There are only six members against it. They will be given a hearing after which a call will be decided on for the convention. Then a committee will be appointed to prepare an address. This committee will not report till Saturday when the time and place for the convention will be fixed.

There is talk of Palmer, Carlisle and Bragg for president and of General Buckner, Governor Stone of Mississippi and Bynum of Indiana for vice president, but all say the men are secondary in this movement which is one for the platform and the defeat of the Chicago platform and ticket.

Joining the Dakota Colony.

HAGERSTOWN, Ind., Aug. 7.—Many of the younger members of the German Baptist church are making arrangements to join a colony of the brethren who will go from western Ohio to North Dakota.

Wedding at Lake Maxinkuckee.

TERRE HAUTE, Ind., Aug. 7.—Word has been received here of the marriage at Lake Maxinkuckee of Mr. Frank Temple and Miss Anna R. Duenweg, two well known young people of this city.

Boot and Shoe Failure.

CHICAGO, Aug. 7.—C. H. Fargo & Company, one of the oldest wholesale boot and shoe firms in the city, assigned yesterday. Assets and liabilities were not scheduled.

DESPERADO CAUGHT.

Charles Lewis, Who Shot the Halls, Run Down in a Cornfield.

FORT WAYNE, Aug. 7.—After a three days' chase and almost superhuman efforts on the part of the regulators in pursuit of their quarry, the man who shot down Thomas Hall and his son Howard near Hantertown, was caught Tuesday three miles from Spencerville. He was at once brought to this city under heavy guard to prevent threatened violence. F. H. Boyle, one of the regulators, caught sight of the fellow stealing through a patch of woods near his farm, and at once gave chase. Upon coming in range Boyle began firing, and the noise brought out the regulators from all directions. The fugitive was driven into a cornfield, which was at once surrounded, and when the farmers began to rake the field with rifle shots he gave up. His feet were in a horrible condition, as he had run for miles without shoes to avoid making a trail.

He gives his name as Charles Lewis, and says that he lives in Chicago. He is 19 years old, and is well dressed. He was nearly dead from the fatigue of his flight, and he confessed to the officers who caught him that he was the right man. The officers believe that he is a bicycle thief who is wanted, and that he attempted to steal the clothes from Hall's residence. He went for two days and nights without food.

DEPRIVED OF CITIZENSHIP.

The Negroes Who Have Lived in the Creek Nation.

PERRY, O. T., Aug. 7.—The final decree has been promulgated from Okmulgee, the capital of the Creek nation, as it was handed down by Judge Adams, chief justice of the supreme court of the nation, in the citizenship case. It strikes from the rolls of citizenship of the nation the names of over 1,700 negroes. The decision held that the act of the Indian council, after the passage of the emancipation act by the United States, in admitting negroes to tribal relations, was unconstitutional, and, therefore, at this time, invalid. Since the passage of the act these negroes have drawn in annuities \$1,000,000 from the Creek government, have held positions of official trust and have improved their farms and educated their children at the nation's expense for 20 years.

From the decision of the court there is no appeal. The interior department has held to the same opinion in a similar case. The Dawes commission, which has been appealed to by the deposed negroes, claims it has no right to interfere with the decision of the Indian court.

Boy's Thoughtless Act.

SHELBYVILLE, Ind., Aug. 7.—A tragedy was enacted at Lewis creek in the killing of Miss Pearl Hilt, daughter of Samuel Hilt, by Millard Sullivan, the 13-year-old son of Harry Sullivan. The boy is a nephew of the murdered girl. Miss Pearl had dressed herself preparatory to attending church services, and, while seated in a chair, the boy entered and, taking a revolver from the mantel, he remarked, "I'll show you how to shoot." Almost instantly the weapon was discharged, the bullet striking Miss Hilt in the neck and severing the jugular vein, her death soon occurring.

Hobos' Paradise.

LOGANSPOUT, Ind., Aug. 7.—A gang of 50 tramps are encamped a half mile west of this city in a large grove. The place is provided with springs, and the hobos have prepared for an extended stay. Already farmers complain that their gardens, henneries, and corn fields are suffering from depredation. Yesterday an even 20 applied for food at the northern Indiana hospital for the insane. Numerous fires are kept burning during the night, and the vagrants hold high carnival roasting corn, chickens and other articles of stolen food.

King George May Abdicate.

LONDON, Aug. 7.—A dispatch from Berlin to a news agency was printed here saying that it was stated that the various European courts have received letters from the royal family of Greece, saying that King George may abdicate in favor of the crown prince, the Duke of Sparta, if Greece is compelled by the powers to desist "from her aspirations to make the island of Crete a part of the Grecian dominions."

Severe Storm at Wanatah.

LAPORTE, Ind., Aug. 7.—During a severe storm which prevailed yesterday at Wanatah, this county, the large flouring mill of Conitz & Dolman was struck by lightning and entirely consumed. Loss, \$15,000; partially insured.

Annual Commencement.

VALPARAISO, Ind., Aug. 7.—The annual commencement exercises of the northern Indiana normal school will be held on Thursday of next week. The Rev. Dr. Rush of Chicago will deliver the address. There will be 1,350 graduates.

Mrs. Hicks-Lord Dead.

NEW YORK, Aug. 7.—Mrs. Annette Hicks-Lord, who was in her day one of the most notable figures in New York society, died at her residence in this city, aged 67. She was descended on her mother's side from a titled English family, and was related to General Robert Schenck, once United States minister to Great Britain.

CLEVELAND, Aug. 7.—The Johnson steel works at Lorain closed down at midnight and 800 men are thrown out of employment. The suspension, which, it is believed, will be only for a short time, is owing to a lack of orders.

A MILITIAMAN SHOT.

Strike Trouble at Cleveland by No Means Over.

CHILD KILLED BY A PET LION.

Peculiar Religious Excitement Breaks Out at the Mining Camp of New Pittsburgh. One Sent to an Asylum—Incendiaries Still at Work in Berea—Idle Men at Lorain—Other Ohio News.

CLEVELAND, Aug. 7.—A militiaman was shot in Luther street, in the East End, early yesterday morning. Between midnight and 1 o'clock a crowd made a sudden attack on a building where a man named Johnson, who is employed at the Brown hoisting works, lives. They broke in the windows and yelled like Indians.

The soldiers heard the disturbance and rushed to the scene. Part of the crowd scattered, but a dozen men stood at bay, with revolvers, and fired at the militiamen. The soldiers replied with rifle balls, and then the men scattered. In the melee Private Perkins of Company B was shot, but it is not known how seriously. He was taken away in an ambulance. The official statement at Colonel Whitney's headquarters is that Perkins was accidentally shot while loading his revolver. It is claimed by others, however, that he was wounded in the Luther street skirmish.

CHILD KILLED BY A LION.

Horrible Death of a Baby at Chillicothe, Ohio.

CHILLICOTHE, Aug. 7.—A horrible accident occurred at the fair grounds Wednesday afternoon. A portion of Hagenbeck's animal show occupies the tent just inside the gate, and a big lion was chained in front of the tent as an attraction.

Eddie Hurd, the 2-year-old son of Mr. and Mrs. Thomas Hurd, who have charge of the show, was playing near the lion. The brute watched the child as he came nearer and nearer and finally, with a movement as quick as lightning, seized the child's head in its jaws. The boy's father and mother were standing near by and a great crowd of people was in front of the tent. Women fainted and there was great excitement. The father sprang on the lion, and with the greatest difficulty forced the beast to open its jaws. The top of the child's head had been crushed.

There is a woman with the show who makes a regular practice of putting her head in the lion's mouth, but that feature will be omitted from the program for some time to come. It is said that the lion was turned over to the show by James J. Corbett, the champion pugilist. After the accident the lion was dragged into the tent and locked in a cage.

RELIGION CRAZY.

Peculiar Fervor, Bordering on Fanaticism, on at New Pittsburgh.

NELSONVILLE, O., Aug. 7.—New Pittsburgh, a mining camp a few miles from this city, is the scene of the most intense religious excitement, bordering upon fanaticism. The leaders claim to be in personal communication with the Lord and act under instructions from Him. Excitement is so high that families have been broken up and numerous fights have occurred over the matter. The people have tried every way to get rid of the fanatics but failed. Warrants were sworn out yesterday for the arrest of the leaders, Mart Searls and his two brothers, and when arraigned before the justice they were furious and denounced the court in the most bitter terms, insulting the justice in the highest manner, even climbing upon the desk and spitting upon him.

The trio was finally landed in jail and Mart was taken to the Athens asylum and the others will surely follow. Their followers number about 150, some of whom have given up as high as \$150 each upon being converted. The more conservative people predict that the trouble will end in bloodshed.

Dollie's Drop.

BATAVIA, O., Aug. 7.—Miss Dollie Dennison, while out for a spin on her wheel yesterday, was coasting down the old Methodist church hill, when she suddenly lost control of her wheel, precipitating herself down the embankment, breaking her right wrist. Dr. Percy M. Ashburn was summoned and set the wounded member.

Incendiary.

BEREA, O., Aug. 7.—An attempt was made at midnight by incendiaries to burn the house of Charles Moore, a non-union quarryman. The veranda was saturated with coal oil, but the incendiaries were frightened away before the match had been applied. There is no clew to their identity. Everything is quiet at the quarries.

To the Other Shore.

GALLIPOLIS, O., Aug. 7.—Mrs. Elizabeth Brown, wife of Captain Marlin E. Brown and mother of Captain Dick Brown, well known and prominent steamboatmen, died at her home yesterday with typhoid fever after an illness of several weeks. The funeral will take place Saturday afternoon.

Wanted For Larceny.

LIMA, O., Aug. 7.—On advice received from Jamestown, N. Y., officers here arrested Herbert Newton, a young man 22 years of age, on the charge of larceny. He will accompany the sheriff to Jamestown without requisition papers.

Bourbon County Democrats have endorsed Bryan and Sewall and organized a club with 955 members. Bourbon's right in it this time.

The late James G. Blaine's free silver speech will appear in to-morrow's issue of the BULLETIN, and sufficient to show he was an advocate of the unlimited coinage of silver. The speech is too long to be given in full.

Dr. FIRESTONE, President of the Columbus Buggy Company, who has been a life-long Republican, will vote for Bryan and silver and says that 1,000 men employed by him, most of whom are Republicans, expect to do the same. It will take Major McKinley a long time to get enough "sound moneyites" to make up for such losses.

FRIEND, in the event of free silver at the ratio of 16 to 1, how are you going to get any of it? There is nothing in the Democratic platform that will start a wheel or spindle in the United States, nothing that will take the poor man out of his truck patch and put him in the factory; nothing that will make a nickel's increase in the demand for the products of the farm. While the silver baron is doubling his millions over and over and over again, where do you come in? Please think this over carefully and candidly.—Ripley Bee.

You don't seem to agree with your great statesman, Senator Sherman. Asked a few days ago if free coinage would result in an increase in the price of farm products, he replied, "Unquestionably it would." Good prices for farm products would soon make good times.

"ANARCHISTIC" UTTERANCES.

"With free and unlimited coinage of gold and silver, we will clear away our public debt before the close of the century."—U. S. Grant in 1873.

By the experience of commercial nations in all ages it has been found that gold and silver afford the only safe foundation of a monetary system.—From the inaugural address of James A. Garfield.

I cannot say what took place in the House, but know when the bill was pending in the Senate we thought it was simply a bill to reform the mint, regulate coinage, and fix up one thing and another, and there is not a single man in the Senate, I think, unless a member of the committee from which the bill came, who had the slightest idea that it was even a squint towards demonetization.—Allen G. Thurman in the United States Senate, February 15, 1878.

I believe also in bimetalism. I believe the world made a mistake when it demonetized silver. I sincerely hope some safe way may be found for the restoration of silver to its place alongside of gold as a money of ultimate redemption. I shall favor every measure calculated, in my judgment, to bring about the redemption, subject always, however, to the condition that it provides for the maintenance of the two metals.—From the address of Joseph B. Foraker upon his election to the United States Senate by the Legislature of Ohio.

PROSPERITY

Predicted by Rev. Talmage If Silver Wins.
What He Says on This Question.

[Cincinnati Enquirer.]

New York, August 4.—Rev. Dr. T. De Witt Talmage arrived at East Hampton on Friday last from Chautauqua, where he had attended an educational convention. He has made a tour of the country. Not only in the big cities did the doctor mingle with the residents, but in remote and sparsely populated districts and in minor townships and villages.

"During my entire trip," he said today, "I did not find more than one or two men who are not silverites. The unanimity was astounding. The sentiment down South is universally for the white metal. Bryan and Sewall will get a very large vote from that section of the country. I am not advocating that side of the political question, but I do not believe, with a good many of my Christian friends, that in the success of that movement the country will greatly suffer. Instead," he continued, "I believe that if the silver people win there will be such a revival in business, such a booming in industries, which are now inactive, and such a general shaking up of commercial interests that the country will be sure to prosper."

PITHY POLITICAL POINTS.

"Gold Bugs" and the Silver Standard—Arguments For Free Coinage of Silver.

It may make some men feel larger and of more importance to be termed "gold bugs," but we are certain it doesn't make their pockets any heavier.

No one, but a millionaire either in money or its equivalent, which land certainly is not, may by any possibility have any interest in supporting the present monetary policy of the country.

It does seem that Democrats should look well over the ground and see whether they haven't graver charges against the Republican party than they can possibly have against their own, before branding themselves as deserters.

The gold policy stands for oppression, low prices and hard times, as the most unobscured and obtuse may perceive, these conditions being at all times at the nose ends.

Does any intelligent agriculturist believe for a moment that scarce money, the result of the "corner" created by the millionaires and their tools, was brought in the interest of any but the millionaires themselves?

Surely our agricultural friends, who propose by their votes to continue the present monetary policy of the country, may not expect, should the result be in their favor, that the products of their lands shall be advanced thereby.

What has Mr. McKinley seen or found to change him from an ardent silver supporter to his present attitude on the subject, only that he was bought by the offer of place and political preferment? It does look as though every man has his price.

The gentlemen who are engineering the gold movement through the instrumentality of the Republican party are as un-American in all their ideas as it is possible for men to be.

By what reasoning or calculation may any man oppressed by the present hard times work himself into the delusion that a continuation of the present conditions of finance shall make things any better for him?

That silver bullion will advance in price should that metal be demonetized is as much a certainty as that gold has become scarcer and, per consequence, higher since silver was debased in the interest of the yellow metal. The editor of the Courier-Journal says that it will not.

The scarcer an article is made by any process whatever, the better it is for those who possess abundance of the article, and harder it is for those who lack. With a full and complete understanding of this fact, was the demonetization of silver conceived.

We all know that when a "corner" is made by speculators in any product it is for their own benefit, and does not inure to the benefit of the masses. So in like manner was the demonetization of silver brought about, and certainly no one may claim that the usufruct has found its way into the laps of any but its progenitors.

Notice of Democratic Mass Meeting For Sound Money and Against Populism.

On Saturday, August 15th, 1896, at 2 o'clock p. m., solar time, at the court house of this county, there will be a mass meeting of the Democrats of this county who adhere to Democratic principles and are opposed to the declarations and doctrines of the recent Chicago convention, and to the election of Bryan and Sewall; at which mass meeting there will be chosen delegates from this county to the Democratic State convention to be held in Louisville on August 20th.

All Democrats who adhere to Democratic principles and are opposed to the declarations and doctrines of the recent Chicago convention, and who are opposed to the election of Bryan and Sewall, are invited and earnestly urged to attend said mass meeting on the above date (August 15th, at 2 o'clock p. m., solar time).

By order of the Democratic State Executive Committee.
CHAS. D. PEABODY,
County Chairman, Mason County.

Our Next Congressman.

Dover News: "Monday Col. LaRue Thomas, Mason County's candidate for Congress from the Ninth district, was in Dover and Minerva talking with his many friends. He gave the News office a pleasant call, and was very emphatic and outspoken in his support of the Chicago platform. He says he has always favored bimetalism and denounced the demonetization of silver, and if favored with the nomination will surely be elected, and when elected will vote and work to the end that the expressed will of the people on the money question shall be enacted into law."

A New Point in Dispute—If Auditor Stone Wins It Means Big Money For the State.

[Courier-Journal.]

FRANKFORT, KY., August 5.—A contention has just now arisen between the Auditor and the banks of the State, the result of which probably means much litigation, legislation, and, if the Auditor wins, the recovery of hundreds of thousands of dollars by the State in back taxes. The Auditor does not want to talk about the matter, and the full details of the new contention are not immediately forthcoming. However, the main point made by the Auditor to the banks is that they have not been paying taxes on enough of their surplus.

The Hewitt law requires banks to pay a seventy-five cents' tax on their capital stock and forty-two and a half cents on their surplus. The law further provides that in paying taxes on their surplus the banks can deduct from this surplus whatever portion of it (the surplus fund) is invested in Government bonds. It is said that the Auditor has found frequent instances which can be illustrated as follows: A bank is organized with \$100,000 capital. It, to meet the requirements of the national banking law, invests this \$100,000 capital stock in Government bonds, and goes into the banking business. Soon it earns \$150,000 surplus, but declines to pay forty-two and a half cents on more than \$50,000 of this \$150,000 surplus, claiming the right to deduct from it the \$100,000 worth of Government bonds in its possession. The Auditor claims, it is said, that in such an instance the bank should pay forty-two and a half cents on the whole \$150,000, because none of it, but the capital stock, was invested in the \$100,000 bonds it holds, and the law provides for deducting only the worth of the bonds obtained by investing the surplus fund itself in such bonds.

There are other points in the contention, which can not be gotten at because of the reticence of all concerned.

PRECINCT MEETINGS.

They Will Be Held To-morrow Throughout Mason County—The Hour.

The Democrats of the various precincts will meet to-morrow at the usual voting places to select delegates to the county convention next Monday, which latter convention will select delegates to represent the county in the coming Congressional convention, in this city, August 12th.

The hour for the precinct meetings is 2 p. m. sun time, or 1:34 standard time.

The voters will please remember the hour.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wool's drug store. Regular size 50c and \$1.

A Portsmouth Shoe Factory.

We have one of our traveling men in your city taking orders for custom-made shoes. We make a fine welt shoe, and will make you a pair of fine shoes to order at wholesale prices. Our object is to introduce our shoes, and we will give you entire satisfaction. Any one desiring a pair of fine shoes at wholesale price will please drop me a postal and I will be glad to call and show you my samples. Yours respectfully,
W. M. LLOYD,
Mayville, Ky.

'SQUIRE JOHN L. GRANT has been quite ill several days.

HOSIERY.—We ask you to come to-day equipped with your best Hosiery knowledge. We hope you will be wide awake in criticism, knowledge and comparison. Why? Because then you will realize the bigness of the price-pinch we make—25c. fast black double-gauge high-spliced stockings for 18c., two pair for 35c., is a trade-tempter, isn't it? Don't take any one's word for it; come and see the kind of hose we will give you for 18c. Cheap stockings don't pay, unless you love the darned bag, but when high grade hosiery is offered at the price of common goods only economy, in different people will miss the chance. Money back on every pair purchased if not as represented and satisfactory.

PERCALES.—Regular 12c., yard wide, fast color kind for 10c. Full assortment of colors, in light and dark effects and pretty black and white designs.

RUGS. straight from Japan, with all the beauty and worth the patient Jan could weave into them. Hearth size, 30x72. Price, \$1.19.

SERGE.—For the small maid's school gown, for separate skirts, for wrappers for any use for which you want serviceable, 38-inch, all wool, slightly looking dress goods, in black or colors, at a price that makes buying easy—23c. the yard.

REMNANTS have to go. It will be money in your purse to look them through. Woolen Wash and Silk goods, Lawns, Embroideries, Table damask, a few Ribbons—not a great many of any kind, but the small lots may hold just what you want. Looking don't cost. We are glad to show you through the stock.

Auctioneer C. F. Taylor reported \$6 commission on house sold for C. B. Clift.

The application of W. L. Pogue to tap a sewer in Fifth ward was stricken from the minutes.

The question of improving Grave alley between First and Second was left in the hands of the committee.

The Committee on Gas was given further time to report new contract for public lighting.

The application of Lewis Colvin for work was referred to Committee on Alms with power to act.

The committee reported that Mrs. Heilin's note has been reduced to \$65.00.

James Ginn was granted license to conduct a saloon.

A complaint from Joseph H. Dodson regarding the condition of the lower grade was read and referred to Committee on Wharves.

The petition of the Nelson heirs to erect a shed in rear of business house on Second was granted.

Dick Combs was granted permission to erect a two-story frame cottage on West Fourth street.

A proposition of W. B. Furnier to sink a well on Market street was referred to Committee on Internal Improvements.

A complaint as to the condition of an old building in rear of Third Street M. E. Church was referred to Committee on Public Health. Similar disposition was made of a complaint about a building owned by the Misses Bowling in Fifth ward.

Dr. Smith thought Mrs. Enbanks ought to receive some assistance from the city and the matter was referred to the Alms Committee.

A proposition from parties at Cincinnati to sell the city a steam fire engine was read. The city has some engines to sell, and is not buying.

The City Marshal was directed to notify property owners on East Front to clean the weeds off their pavements.

Mr. Dressel called attention to the stench arising from the pool of water between Mitchell Chapel and Dawson's grocery, and the matter was referred to the Committee on Internal Improvements.

The Committee on Turnpikes and Railroads was directed to notify the C. and O. Railroad Company to properly drain their road in Fifth and Sixth wards. Many houses along the track were flooded by the recent heavy rains because the road had provided no outlet for the water.

Five bonds, each for \$500, were ordered

issued and sold to provide funds for current expenses.

Mr. Frost called attention to the nuisance on the lot at corner of Second and Schultz streets and Mr. Pearce promised that the matter would be attended to at once. The lot has been made a dumping ground. It will likely be fenced now, so as to put a stop to the nuisance.

Council then adjourned.

BROKE EVEN AT KNOXVILLE.

The Boys Played Again Yesterday and Won. Curle Pitched a Good Game—Leever No Better.

[Special to BULLETIN.]

KNOXVILLE, TENN., August 6, 1896.—Maysville remained over for another game to-day, and won out in the ninth inning, 7 to 6.

Curle pitched a good game to-day. We leave for Mt. Sterling to-night, where we play on Friday and Saturday. Leever is no better. Cox.

Thursday's game made the thirty-second played by the Maysvilles and Knoxville this season, and each team has won sixteen.

Leever's many friends will regret to learn he is no better. His sister has arrived at Knoxville, which insures him faithful nursing during his illness. He is at the Hotel Flanders.

Lexington defeated Paris again yesterday, 20 to 6. Batteries, Lexington, Conover, Lindsey and Douglass. Paris, Taylor and Tenley. This gives Lexington a good lead in the league race. Paris played a miserable game Thursday.

J. K. EDGINGTON.

Lung Trouble Causes the Death of a Citizen of the Sixth Ward—Passed Away Last Night.

Mr. J. K. Edgington, an industrious and hard working citizen of the Sixth ward, died at midnight last night at his home near the corner of Third and Wood streets, of lung trouble. He had been in failing health some time, but was able to go out to Ruggles camp meeting some days ago. He became much worse early this week and was compelled to return home, where he lingered until last night. Deceased was employed at Hall's plow factory for some time as a grinder.

Mr. Edgington was thirty-six years old, and leaves a wife and three children. He was a son of Mr. Peter Edgington. The funeral will occur some time Sunday, and will be under the auspices of Washington Camp, P. O. S. A., of which order he was a member.

He leaves \$1,000 life insurance, and his family will also receive \$250 from Washington Camp.

To Cleanse the System.

TUCKAHOE.
Greenberry Tiehner, of Ohio, made a fifteen minutes stump speech at this place August 4th in favor of Gov. McKinley and the single gold standard. Mr. Tiehner is a bright light and what he doesn't know about finance is not worth mentioning.

The doctor may be a good old man, but even so, medical examinations and the "local applications" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctors in general practice aren't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

AT RUGGLES.

G. A. R. Day at the Camp Meeting—What Was Done.

RUGGLES CAMP GROUNDS, AUGUST 5, 1896.
Editor Bulletin: To-day was old soldiers day on the old camp grounds. The new building, known as the Old Kentucky Home, was decorated with flags and bunting, while the cottages were trimmed with ferns, oak leaves, flags, &c. Just inside the gate was a large flag under which the soldiers assembled and from this point the parade started. The wheelmen were in the lead, headed by Rev. W. G. Bradford. Then followed the old soldiers led by Major John Walsh and Mr. William Plummer with the big flag (used by the home guard at "Carmel, Ky.") which was badly torn by service it had rendered during the war. Then came the camp meeting board and Rev. Dr. Rees the speaker of the day, next the wives and daughters of the old soldiers. The march began under the large flag, going through the large gate, around the tabernacle, then the wheelmen turned to the right and left the square while the rest turned to the left, entering the tabernacle where all were treated to a grand entertainment.

Rev. Dover had charge of the exercises and each part was played to the Queen's taste.

EARTH DEPRESSIONS.

Excited Negroes Believe That the Judgment Day Has Come.

MANSFIELD, Mo., Aug. 7.—The people in this section of the country are becoming much alarmed over what appears to be the gradual sinking of the earth in certain localities. It has been little more than a year ago since a whole field fell an average of little more than two feet. Within the last two weeks the ground has become very dry from want of moisture, and as a result crevices, some of which are a foot wide, have appeared in the earth. Eight miles south of here, in Douglas county, there is a very noticeable depression of several inches covering more than a section of land.

Another evidence of this inexplicable phenomena occurred in Texas county a day or two ago, when a sudden sagging of the earth swallowed up a horse while hitched to a plow, and it was with difficulty that the driver saved himself. These strange occurrences seem to come periodically with certain seasons. Nobody is able to advance a reasonable theory for the existence of such a state of things.

The negroes have become so wrought up over the matter that many of them are leaving the country. They declare that it is an indication of the early arrival of the judgment day.

ELECTION IN TENNESSEE.

Usual Democratic Majorities Prevail So Far as Reported.

MEMPHIS, Aug. 7.—Advices from West Tennessee counties indicate that the vote in yesterday's election for judges of the court of chancery appeals was unusually light. The Democrats seem to have held their own in all western counties, electing in almost every instance their local tickets and giving the usual Democratic majorities to the state ticket. Barton, Neil and Wilson, Democratic nominees for chancery court of appeals judges have carried Shelby county, including the city of Memphis, by 2,500 majority. The vote was generally light throughout the county. The entire county Democratic ticket is elected by majorities ranging from 2,000 to 2,200. Carnes for sheriff, who was fought bitterly by many Democrats, lost the ticket, securing many Republican votes. The election passed off quietly.

Majorities Not Estimated.

NASHVILLE, Aug. 7.—Returns are coming in slowly but all show that Judges Barton, Neil and Wilson, Democrats, have been elected judges of the court of chancery appeals, majorities can not yet be estimated.

"POTATO PATCH" PINGREE

Nominated For Governor by the Republicans of Michigan.

GRAND RAPIDS, Aug. 7.—Mayor Hazen S. Pingree of Detroit was nominated for governor on the fourth ballot by the Republican state convention yesterday afternoon. His principal competitor was Colonel A. T. Bliss, who was supported by the Republican machine.

Mr. Pingree has been elected mayor of Detroit three times, and has done much for municipal reform. It was he who originated and put into practical execution the scheme of allowing poor people to cultivate unoccupied lots in Detroit, for raising potatoes and other products, from which he became known as "Potato Patch Pingree."

Killed at a Fire.

CHRISTIANA, Aug. 7.—A disastrous fire occurred in a gilding factory here yesterday and before it was extinguished several buildings were destroyed. A falling wall killed six men and 13 others were seriously hurt, of whom three have since died. It is believed that three children have also perished in the flames.

Treasury Statement.

WASHINGTON, Aug. 7.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$254,813,761; gold reserve, \$110,014,165.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

A GOOD THING

The wide-awake merchant never loses an opportunity to increase the number of his customers. He's out for business at all times. Experience has demonstrated that if you wish to reach the people you must advertise.

An Ad. In the BULLETIN.

If you wish to let the people of this city and surrounding country know what you have to sell, advertise in the BULLETIN. There is no better medium through which to talk to them of the bargains you offer.

TRY IT,

and you will be convinced. This is just the time to advertise if you wish to catch the season's trade. People are buying their summer goods. Let them know what you're selling. Advertise now.
